Summary of Themes “A Walk on the Wildside” 2010

Storybooks Come Alive

From brown bears to hungry caterpillars, campers will discover each day a new storybook and the joys of reading through assistances of our education animals.

Meet the Beasts

Campers will enjoy learning about all kinds of beasts from our white rhino to our new tiger!

Moo at the Zoo

Campers will explore “Papa Dean’s Farm” with a different barnyard buddy each day. Charlie our resident lamb says, “We will have a baaaaalast!”

Barnyard Connection

Campers will explore the connections that people have with farm animals. They will spend time feeding, watering, and doing chores while learning all about Papa Dean’s farm animals!

Earth’s Little Buddies

Can plants grow without soil? Do people need plants to survive? Campers will find out these answers and many more while they are exploring the world of plants.

Nature Nuts

Campers will learn the importance of being green. Through plants campers will discover how they can make a positive impact on the world around them.

Louisiana My Home

Can you find a lion on your lawn? What about a baboon in your backyard? No, but you just might find a “possum” on your porch! Campers will meet animals that can be found close to their homes!

Traveling with Lewis and Clark

Campers will learn about some of the animals that Lewis & Clark saw while exploring the “Louisiana Purchase”.

Zoo Bugs

Campers will learn about the creepy, crawly, icky world of BUGS!

Going Buggy

Campers will go “BUGGY” while exploring the world of scorpions, tarantulas, ants and more!

Monkeyin’ Around

Campers will have a blast hanging around learning about our resident primates!

Capuchins, Guenons, Baboons, Oh My!

Look it’s a monkey....hmmm or is that an ape? Campers will learn all about Old and New World Monkeys. They will learn the difference between apes and monkeys, all while “hangin’ around” with our resident primates!

Jr. Zookeepers

Do you like to work hard? Do you mind getting dirty? What about stinky smells? If you want an adventure come work along side some of the MOST important people at the Zoo! Caution: you will get dirty!
